◆

Senteurs d'Ailleurs is an exceptional Boutique where you can find a host of niche brands in perfumes, home fragrances and high-end cosmetic products. We like to think of Senteurs d'Ailleurs as a concept and not simply a retail space.

Having positioned itself as a trendsetter in this genre of concept almost twenty years ago, Senteurs d'Ailleurs has since built a reputation for exemplary quality, priding itself on offering its clients the rarest of brands in specialised perfumes, not to be easily found in your average perfume store.

Likewise with its selection of cosmetic brands, careful attention has been made in choosing niche brands renowned for their quality and cutting edge performance. Some of these brands are used in Senteurs d'Ailleurs delightful beauty treatment rooms in the Institute.

What really sets Senteurs d'Ailleurs apart from the rest, is its enthusiastic team of experts and professionally trained specialists, who are on hand not only to assist you in finding the perfect fragrance or cosmetic product, but to share their passion with you, the client.
